## MOTORS

### TV Lift Motor

Cabinet TV Lift

Bed TV Lift

Ceiling TV Lift

### Features

We provide reliable, ultra quiet, motorized TV lifts that are ideal for industry professionals, commercial and residential. Every TV lift mechanism is manufactured in India and backed by a full 1 year warranty, making it the perfect buy for any professional or individual.

We provide complete media control systems like TV, Set Top Box, music systems etc. can be controlled through mobile apps (Android and iPhone). This is very important in home automation as multiple remote comes in one app and hence very easy to control. Also you can hide set top box and music system and control it through mobile apps.

### Swing Door Motor

### Automatic Swing Door

We are manufacturer of swing door motor. We provide high quality auto swing door motor, manufactured as per the quality norms. These are ideally used in residential lifts, hospitals, commercial buildings, retail outlets, airports, malls, restaurants etc. Our swing door motor has quality feature like smooth functioning, which ensures zero noise production.

### Features

- ✓ Smooth running without hearable noise
- ✓ Go function makes life safer and easier
- ✓ Open & close the door in 90 Degree
- ✓ Articulated arm and sliding arm both available, can be mounted on the hinge side and opposite hinge side
- ✓ Fully adjustable operating parameters to suit specific applications and numerous control options
